

# UDEC Newsletter

---

No 01  
11 June 2007

Welcome to our first newsletter!

We have just completed upgrading our website and trust you will find there all the information you require. Otherwise, please let us know and we will be happy to help you.

Barbara has just returned from a visit to her clients in Secunda, Sasolburg, Vanderbijlpark and Johannesburg and is planning an overseas trip at the end of June.

You may have heard about all the rain we got in the Cape recently. We had 160mm during that last 7 days!! We expect it to clear up tomorrow.

Thank you once again for taking a look at our 'new and improved' website. Please view our Newsletters every now and then... we are very pleased to share with you some news on the happenings in the UDEC office.

With warmest regards,

***Your UDEC Team!***

Please find below a few pictures of our surroundings:

Here are a couple of the 'wild' animals we keep. They have just been fed.

This is a view of our offices.

Our friend Nero... the hero!
